

You know these numbers (2022-03-03).
Longhaulers (CFS/ME) numbers are unfortunately
extremely huge.
Very sobering & sad,
roger

The number of people diagnosed with COVID-19
grows every day throughout the U.S. and across the
world. **The numbers on this page are based on the
latest statistics available, and are likely far lower
than the actual number of cases because of
limited testing.**

**Data as of: 3/3/22 at 9:21 AM
